

THE TRAIL BLAZER

VOLUME ELEVEN NO. ONE

THE INDIANAPOLIS HIKING CLUB
(Happiness - A Step at a Time)

HIGHLIGHTS OF THE CLUB YEAR ENDING OCTOBER 1, 1979

Members of the Indianapolis Hiking Club have joined for many reasons. The love of the out-of-doors is probably the basic desire in so many of us who love to get back to nature. And once in the club, most people have found a friendliness and comradeship not often found in many other organizations. This edition of the "TRAIL BLAZER" is a chronicle of the events of the year. And here we have attempted to list and report on the many activities that our members have enjoyed during that time.

Our club was organized in January 1957, and we have completed 23 years of growth. Over the years, the club has always adhered to the principle purpose for which it was founded as defined in the club constitution "To encourage a love of nature, through the promotion of outdoor recreation in the form of hikes and outings; and to sponsor other activities incidental to the foregoing".

There were 301 paid up members as of the end of the year, and many of them gave active support to the activities sponsored by the club. Take a look at the list of hikes and outings on one of the following pages. All sorts of trails - easy, moderate, and rugged - with quite a variety of leaders. You will note many more Saturday hikes than in previous years. The officers have endeavored to keep abreast of the desires of the members.

The club has been very fortunate in having good officers, and this past year was certainly no exception. The success of any organization such as ours, depends to a large degree on the people guiding it. The club's activities for the year were led by the following group of very capable people:

	<u>DIRECTORS</u>	<u>COMMITTEE HEADS</u>
President.....	Henry Moore	Membership..... Win Pulsifer
Vice-President..	Mary Kidwell	Publicity..... Wilma Thompson
Treasurer.....	Betty Blage	Publications... Bill Larrison
Secretary.....	Margaret Woodard	Conservation... Ted Fields
Pathfinder.....	Marsha Hutchins	

SOCIAL:

Programs.....Hazel Morrison and Tom Hill
Refreshments..Tony Vitale, Gene & Genie Waltz, Marge Johnson, and Eva Cors

NOTE: Margaret Woodard resigned as secretary because of personal reasons, and Alberta Neill filled in for the rest of the year.

For the past several years, it has become a tradition for the club to recognize for special notice, the members who have hiked over 200 miles during the year on scheduled club hikes. There are many in the club who can not hike this much, for a variety of reasons. Please come out as often as you can, and take the hikes which suit you and which you enjoy. The pleasure of hiking with the club is available each weekend, and we urge all members to take advantage of their club membership by reading the schedule and coming out on hikes when they can.

Also, don't overlook the overnights throughout the year. They are planned with you in mind. Attending the club business and social meetings is a good opportunity to contribute to the growth and success of the club.

SPECIAL HONOR ROLL

As the years go by, there are changes, turning points, and beginnings and endings. And so it was on the evening of April 26th, when a good group turned out for a farewell dinner for Ken and Sylvia Retherford. The Retherfords had been instrumental in organizing the club, and had helped tremendously during the formative years. Their counsel was always good and timely, and we all will miss them, as they move to the state of Washington for retirement. But a new phase in their life was opening up, and we all wished them happiness in their plans to hike, backpack, and canoe around the Puget Sound region in the State of Washington. All of us joined in and sang a farewell song, with the words by Tom Hill. Ken and Sylvia will undoubtedly be visited by many of their good friends they left behind.

Mary Kidwell's account of some of the activities last year is both interesting and humorous:

"In retrospect our 1978-1979 Hiking Club year was a very good one. Our hikes, as usual, covered all four seasons. We waded through knee deep snow in the winter, and through many puddles of rain in the spring, summer, and fall. Insects had a good year, in that they were plentiful. We had mosquito bites, chigger bites, and wood ticks held fast. As for animals - we saw some deer, and groundhog, and raccoon. At one time, we had the privilege of watching some very young raccoon on the side of a wash as they peeked at us from behind a tree.

"We watched the snow give way to the gray of early spring, and finally the emergence of tiny gray-green leaflets and white dogwood, and redbud, and the multi-colored carpet of wild flowers under feet. Then the hot summer, which really wasn't as hot this year. The flowers changed in slow motion to the summer variety of more yellows and brilliant blues. Fall came all too soon as the trees gradually turned from their deep shade-green to gold and yellow and red and orange. Then the leaves finally let loose to drop like many colored jewels in front of us, dropping so fast it was like raining jewels. Now we are back to the gray bleakness of winter as we end our year of hiking.

"We had such a variety of hikes. Long ones like the Hindostan Falls trail and the Yellow-wood Trail that made us use our energy. Then short ones like the hike around the 500 mile racetrack, and the Portland Arch hike. There were also many hikes in between that rambed through the beautiful forests of Indiana.

"Our hikes were not without a few mishaps and humor. Mishaps like Sam Lloyd getting stuck axle-deep in the road back to Gallahue - and humor like jumping a creek and landing in the middle of it. Like leaning against a tree and going down at the same time until sitting on the very wet ground.

"Then there are the rock-hounds and fossil collectors, who carry their heavy prizes miles back to the cars."

Throughout the year, the Club has business meetings and club socials. These were well attended last year, and the members enjoyed a varied program as presented by Hazel Morrison and her crew. In November at our Club social, Harrison Feldman presented a slide show "JR ALASKAN ADVENTURE". The December get-together is our annual Christmas party. This was held at the North Liberty Christian Church, arranged by Rose Stockwell. Although the pitch-in supper was probably the high-light for many people, the entertainment was superb, and the general feeling of good will that pervades the atmosphere at this time of year was evident all through the evening.

At our Social in March, Rich Jordan of the YMCA discussed "PHYSICAL FITNESS FOR HIKERS". And at our May meeting, a representative of the Department of Natural Resources of Indiana gave a slide presentation of "HOOSIER TRAILS".

Our summer picnic in July was scheduled at the park in Danville, but because of heavy rains and flooding conditions, it had to be hurriedly changed at the last minute to Arbuckle Acres park in Brownsburg. This proved to be a fortunate decision, as the shelter house there was great for our group, and we all got to take a short hike around the area. And there was plenty of room for the games presented by Tom and Vi Hill

At our September meeting, which was also the election of officers for the new year, we had the pleasure of listening to Dr. Arthur Mirsky of the Dept of Geology of IUPUI give a very interesting talk and slide show on "THE EXCAVATION OF THE FOSSILS OF A MASTODON IN WESTERN INDIANA". Dr. Mirsky was in charge of this excavation, and the Mastodon is now on display at the Children's Museum.

Last year was an outstanding year for overnights for the club. The officers of the club planned well, as the variety of activities and entertainment proved. The following resume of the various overnight outings has been adapted from Mary Kidwell's rough draft of her collections of the highlights.

CAMP RILEY AT BRADFORD WOODS IN OCTOBER

The October overnight at Camp Riley was especially nice, with just our group using the area. John Williams presented a slide show and talk about some of the backward civilizations he had visited. This was quite a thought provoker, and many of us wondered if the influence of Western civilization is really for the good of some of these areas of the world. Our dramatic club put on a skit depicting the various kinds of hikers (purely fictional?). We had "Stumbling Carrie" and "Frosty First Freddie" and then there was "Forward Ho Frankie" and "Back-Pack Barbie". Everybody had a great time deciding if anyone present was similar to one of these characters. Of course we also had some great hiking through Bradford Woods.

CLIFTY FALLS STATE WINTER OUTING

In February, there was really too much snow and ice for hiking the ravines of Clifty Falls, but the top-side hiking on the roads was beautiful with the branches being outlined by the white snow and ice. The hospitality hour before the evening meal was a chance to relax with good friends and just have some idle chatter. The Park Naturalist presented a very interesting slide show about the four seasons at Clifty. And looking from the huge banquet windows, we could see the lights of Madison down below. Also the barge lights as the large boats moved up and down the icy Ohio river. A highlight of this weekend was the bird watching from behind a one way window at the naturalist center. Doris Gard was a big help in identifying the many varieties of birds which flew to the feeders outside of the window.

CAMP PYOCA OVERNIGHT IN APRIL

Our spring outing was shared with our friends from the Louisville Hiking Club. It could have been a near disaster, since by some misunderstanding, the management of Camp Pyoca had booked a church group of young people for the same weekend. However all turned out well, as they were able to handle both groups. We really enjoyed visiting with some of the youths and their leaders as they shared tables with us in the dining room, and helped us do the K.P.

They seemed to enjoy our evening's program which was provided by both hiking clubs. Our club presented a hiking skit similar to the one at Camp Riley, and the Louisville Club's George and Marie Scobee took over for the square dancing and music. We had a lovely church service on Sunday morning in the chapel down by the lake, and many of the young people joined with us

GNAW BONE CAMP ON MEMORIAL DAY WEEKEND

The Gnaw Bone outing is always the highlight of the Club's activities for the year. An ideal place for our club to hike & relax at the beginning of the summer season. We had great hikes - some long and some short. And there were many things to do during the days. Saturday night there was some rain, however we took advantage of the huge shelter for an evening of musical entertainment. The main event of this weekend was the "MZ I.H.C. BEAUTY QUEEN CONTEST". Mz FUSS N'BIDGETT (Hazel Morrison) was the coordinator, and Mz BERTHA PARKS (Mary Kidwell) was the Mistress of Ceremonies. The contest was presented at the amphitheatre stage on Sunday evening to an overflow crowd. The seven finalists in this satire of the MISS AMERICA contest were judged on beauty & poise (?) in an evening gown, and on talent, and on intelligence. The judges were PRINCES VON BRUSH & BOG (Lois Vincent), DUKE GIGILONIO (Tom Patterson) and HUBERT HEFLINER (Fred Lorenz). The entire contest had background music to help maintain the mood of the evening. SISTER FOOT-BLISTER (Hank Moore) played the kazoo. MZ MUD BOTTOM (Bill Larrison) did the hula. MZ PANSY IVY (Frank Thompson) had an original ballet. MZ NETTY NETTLE (Win Pulsifer) played the eastern juke harp. MZ AKIN-PAYNE (Fred Eckstein) was devoured by a huge snake. MZ SHEBA BEAVA (John Williams) danced the dance of the seven veils. And MZ MAGNOLIA BLOSSOM (Tom Hill) stripteased to deep south music. Bonnie Wolfer started the entertainment off with some authentic belly-dancing which the crowd appreciated. This was a tough act to follow, but the contestants did their best. A few mishaps added to the merriment of the audience, which seemed to be laughing most of the time. SISTER FOOT-BLISTER had some problem with tennis balls, and MZ MUD BOTTOM lost the hula skirt and had to make a second entrance for the talent contest. MZ MAGNOLIA BLOSSOM was judged by the judges as the winner, probably because she was out in front of all the rest (some felt there was favoritism). MZ AKIN-PAYNE was given the award of MZ CONGENIALITY.

This act will probably never be repeated, so you who were there witnessed a once in a lifetime thing. Congratulations to Hazel Morrison and Mary Kidwell for their courage in presenting this contest, and also to the wives of the contestants, who forced their husbands to take part. And to all who helped make it the hit that it was.

CARTER CAVES STATE PARK ON LABOR DAY WEEKEND

Carter Caves Park in the Eastern hills and mountains of Kentucky was the scene of our Labor Day outing. The weather man cooperated, and the hiking was great. There were many caves in the area. Our group took advantage of all the activities presented by the park. Some hiked, some swam, some canoed, and some explored the caves. Our hospitality hour before the evening meal was a relaxing time to enjoy conversation and talk about the days activities. Some of the club drove into the back country and hiked back on the Simon Kenton trail spur from the Jenny Wiley Trail. Our watermelon feast was a little problem because of so many family reunions at the picnic area where the hikers met at noon to refresh themselves on ice cold melons. All of our group seemed to enjoy themselves at this beautiful park.

On the following pages is a listing of all of the hikes and overnights during the year. There is also a listing of the mileage accomplishments of each member, and the children of members. The officers of the club presented quite a variety of hikes and other activities during the past year. They need your help in keeping the club aware of the desires of the members. Take advantage of your club membership - you have a great group of people to hike with.

HAPPINESS - A STEP AT A TIME
