.....

The following is for the information of our newer members, and is a reminder to our older members, as to mileage rates agreed upon by the club at our business meeting in September, 1965. If only one or two passengers are involved, they could make a donation to the driver of 1-1/2¢ per mile, and if there were three or more passengers, the donation could be 1¢ per mile. This is for the information of people riding to hikes as passengers in other people's cars, and wishing to help on the gas. As such it is up to the discretion of each driver and his passengers, as many people take turns driving with their friends.

.....

We are sorry to announce that the club caused some damage at our Christmas party in the Holliday House. A Jerusalem Cherry plant in the private office was damaged and the cherries were picked off and mashed on the floor. Also a folding table in the foyer was badly bent. We have apologized, and are making good the damage.
