.....

We wish to thank all of you for a delightful Christmas party. The sharing of the bountiful meal and warm friendship was a perfect start for this joyous season. The next day many of us were blessed with an exceptional day in Morgan-Monroe State Forest where we found a crystal wonderland, as every tree and bush was covered with ice. When the sun came out, the world was crowned with light and seemed to give divine credence to our project. The reflections of light couldn't help but evoke reflections of mind and soul. Our collection efforts were sizeable. The day was therefore a success in both the spiritual and material sense.

The Board Members want to thank all of you for your support and participation during the last year, and wish everyone the best of this holiday season and a happy and prosperous New Year.

TED FIELDS
